We Listen™

♥ **COST-SAVINGS**—Lightweight Plastic, Replaces the More Costly Towel and Protects your Costly Instruments.

♥ **SAFETY**—Eliminates the Lint & Particles Generated From Towels, and Keeps Sharp Tips Pointing Down and Secure.

♥ **STERILE**—Single Use Version Gamma Irradiated in SAF-T-PEEL POUCHES.

♥ **VERSATILE**—Attach 2 or 3 Units in Tandem to Increase Instrument Capacity (15-30/unit).

♥ **TIME SAVING**—No Need to Roll a Towel—Just Drop Instruments into Slots.

*Should a recount be necessary, count by type will then be taken.

♥ **AUTOCLAVABLE**—Single Use or Reusable Version—Just Drop in Instrument Tray before Autoclaving.

♥ **INSTRUMENT COUNTER**—Assists in Setting up Ringed Instruments for Counting Before, During and Following the Procedure in Totality* and not by Type for Time Saving. Also Keeps Instruments in the Open Position During Sterilization.

♥ **ORGANIZATION**—Instruments Always Organized with E-Z Tip Observation and Removal.

♥ **REUSABLE**—Compatible with Ultrasonic Cleaners, Washer Sterilizer and Other Cleaning and Sterilization Procedures.
